

PRODUCT CODE	PRODUCT NAME	DESCRIPTION	SPECIFICATION	PACK SIZE
KA1/400	GT85	GT85 with PTFE loosens rusted parts and drives out moisture from electrical systems. It is also used in car valeting to provide a lasting shine on plastic interiors.	Extremely Flammable	400ml
KA2/400	White Spray Grease with PTFE	Highly effective lubrication in areas of high moisture is possible with this premium quality, water resistant grease. It is ideal for use in anti-friction and plain bearing pumping equipment and for the lubrication of most moving or stationary parts.	Water and heat resistant. Extremely flammable	400ml
KA3/400	Chain Lube	Heavy duty chain spray - suitable for brake and drive chains, etc.	Extremely Flammable	400ml
KA13/400	Polymer Clear Chain Lube	Provides effective lubrication and corrosion protection for all types of industrial chains and drive systems.	Extremely Flammable	400ml
KA4/400	Graphited Pen Oil	Ideal penetrating lubricant for rusted, seized and corroded nuts, bolts, linkages, etc.	Extremely Flammable	400ml
KA5/400	Copper Anti Seize	Ensures excellent overall protection for metal parts against heat, rust, seizure, corrosion, water and acid. Will help to prevent disc squeal. It forms a protective coating that will not wash or burn off, even under extreme stress.	Extremely Flammable	400ml
KA8/400	Brake Cleaner	A powerful cleaning fluid, ideal for use on all parts of the modern brake and clutch systems. It eliminates brake squeal and clutch slip caused by contamination and glazing.	Extremely Flammable	400ml
KA9/400	Battery Terminal Protector	Battery Terminal Protector helps prolong the life of a battery by leaving a film which protects the battery terminals from air and moisture, but also inhibits build-up of corrosive deposits.	Extremely Flammable	400ml
KA10/400	Carb Cleaner	Cleans brake parts and automatic chokes without dismantling. Helps to prevent stalling and will smooth out rough idling.	Extremely Flammable Harmful	400ml
KA11/400	Open Gear and Wire Rope Lube	Non-fling lubricant - ideal for drive chains, open gears, slideways, etc.	Extremely Flammable	400ml

PRODUCT CODE	PRODUCT NAME	DESCRIPTION	SPECIFICATION	PACK SIZE
KA6/400	Window and Glass Clean	Removes all marks from glass surfaces	Extremely Flammable	400ml
KA7/HS/400	Hard Surface Cleaner	A solvent boosted aqueous cleaner with a foaming action used to cut through grease and grime, leaving a gleaming, smear free finish with a pleasant lemon fragrance. Its foaming properties allow it to cling to vertical surfaces and it is suitable for most hard, impervious materials.	Extremely Flammable	400ml
KA7/400	Anti-Static Foaming Cleaner	A foaming action cleaner designed for use around the workplace where the build up of dust is undesirable, its anti static properties dissipating static electrical charges effectively. For use on all water resistant non porous surfaces, the foaming action aids in clinging to vertical surfaces.	Extremely Flammable	400ml
KA12/400	Dashboard Renovator -Apple-	Brings vinyl, polished wood and veneer back to sparkling appearance, especially effective on black metal work. Removes oil and stains.	Extremely Flammable	400ml
KA15/400	Silicon Spray	Excellent for use on metal, plastic, vinyl, rubber, wood, etc. Widely used as a release agent for moulds. May be used in food areas for incidental food contact. Also an effective surface polish. Lubricates slides, bearings, conveyors, textile equipment and food machinery.	Extremely Flammable	400ml
KA16/400	Moly Dry Lubricant	For temperatures up to 450°C. For threaded spindles, especially on stenters, for slideways, quickways, punching & drawing dies, die casting moulds, etc.	Extremely Flammable / Harmful - contains molybdenum disulphide	400ml
KA17/400	Cutting, Tapping & Drilling Spray	A cost effective, multi-purpose lubricant which guards against damage to taps and edges, prevents overheating and resultant loss of drills. Ideal for hard-to-work metals including tool steel, stainless steel, aluminium, titanium, etc.	Extremely Flammable	400ml
